

# Considering a career in teaching?

Train with us..

Red Kite is a partnership of schools, across all phases, Primary, Secondary and Special, from inner city locations to rural contexts, based around Leeds and Harrogate and extending into North Yorkshire.

Drawing on our long experience of working closely together, we have created an excellent school-based Initial Teacher Training programme which is tailored to individual needs and aspirations.

Whether you are a new graduate, about to graduate or you are considering a change of career, our courses will give you the foundation you need for a great career in teaching.

We offer bespoke Primary and Secondary Initial Teacher Training courses across the full range of subjects and ages. Our one year programme leads to Qualified Teacher Status (QTS) enhanced by a PGCE worth (60 masters credits) awarded by the University of Leeds.
