Dear Parent/Carer

The geography department will be putting on revision sessions after school in the lead up to the exams on Monday 22nd May and Tuesday 6th June. The sessions are aimed more at students who have achieved grade B or below in their mock exam, but can be attended by any student if they want extra help. Students from both groups need to attend the sessions even if it is not with their classroom teacher. The focus will be primarily on exam technique, more specifically how to apply knowledge effectively to different style exam questions. Revision sessions have been timetabled around meetings for staff and also the demands of core subjects such as English and maths. Students will have a copy of the timetable stuck in their planners and it will be displayed outside the geography classrooms in order to help them to remember.
