# Mobile Phone Procedures

**This includes: Mobile phones, MP3 players, iPods, Smart watches and AirPods**

## **Purpose**

At Horsforth School we recognise the widespread ownership of mobile phones amongst our young people and the increasing dependence by all, on new technologies. However, we also know that the possession and use of mobile phones can be highly disruptive to learning, whilst also posing a threat to our safeguarding procedures. This does mean as a school we need to ensure that mobile phones are used responsibly. These procedures are designed to limit the disruption and potential issues involving mobile phones, whilst ensuring that the benefits that mobile phones provide (such as increased safety) can continue to be enjoyed by our students.

## **Personal Safety and Security**

These procedures have been developed taking into account parental consultation on the use of phones. Horsforth School accepts that parents/carers give their children mobile phones to protect them from everyday risks involving personal security and safety. It is evident that there is concern about students travelling alone on public transport or on their journey to and from school. The School acknowledges that providing students with mobile phones for school, gives parents /carers reassurance as that they can contact their child if, on their journey should there be an emergency.

## **Emergencies during the School Day**

If an emergency should happen during the course of the school day then parents/carers should contact the school reception 0113 226 5454. Messages/instructions will be then sent directly to the child. **It is not appropriate for parents/carers to contact their child via text, message or phone call during the school day. Students caught using their/checking their phone will be sanctioned in line with these procedures.**

In the same way, it is **not appropriate** for students to contact their parents/carers via their phones. If an incident has taken place during the day for that student, the school will need to investigate and secure full possession of facts before parents are contacted. If students are unwell, they must follow the medical and first aid policy and procedures. Staff will make the decision to contact home should a student be unwell.

Should students want to contact parents/carers during the school day, they should report and enquire at student reception in the first instance and then, main reception.

## **To this end, the following will apply:**

### **Responsibility:**

Parents/carers should be aware if their child is bringing a mobile phone, the child is responsible for the phone and that they must abide by the guidelines of these procedures. Please note the school is not responsible for the phone and that the phone is brought into school at the owners' risk. School does not accept responsibility for mobile phones and school is not liable for lost, broken or stolen phones. It is assumed that parents/carers have insurance for the phone.

### **Procedures:**

- Students may bring mobile phones and electronic devices to Horsforth School for use on **the way to and from school only**.
- Phones and electronic devices must **not be visible** or **used at any time**, on the school site, during the school day **(8am -4pm)**.
- This includes: before and after school starts/finishes, break time, lunch time, all lessons, lesson changeover, corridors, or on the external site (tennis courts, yard, courtyards, astro-turf, field, benches, front and back paths leading to and from the main building).
- This includes all electronic devices: MP3 players, iPODs, Air Pods, smart watches, headphones and ear phones.
- Phones and electronic devices should be **switched off** and stored securely in **school bags only**.
- This needs to be done before students enter the school gates and school site.
- Phones and electronic devices should not be visible; therefore students are not permitted to store them on their person, in pockets or in coats.
- Phones seen in pockets or on the person will be deemed visible and confiscated.

### **Confiscation:**

- **Any visible electronic device or phone that is visible (whether it is being used or not) on school site and during the school day will be confiscated and sanctions will be issued.**
- All staff have the right to confiscate as set out in Section 91 of the Education Act 2006. Staff can confiscate, retain or dispose of student property as a disciplinary penalty where reasonable to do so.

<p>*If a student refuses to hand over phone they will be issued with 1 extra day inclusion on top of their allocated sanction.</p>			

## **Safeguarding:**

### **Videos and Photos**

**Students are forbidden to take videos and photos of any kind on school site and/or upload these images to social media, or share these on social media.**

This includes photos and videos of staff, class rooms, students and their peers (with or without permission). This threatens the schools safeguarding procedures and it is taken very seriously. For this reason, students who are found to have done this will automatically be issued with a BASE exclusion (in conjunction with the phone confiscation procedures).

### **Cyber Bullying**

Using mobile phones to humiliate, bully, harass, violate or threaten any member of the School Community is unacceptable and will not be tolerated. Students, who are found to have done this, will face disciplinary action as outlined in the Anti-Bullying policy and they will be sanctioned with a BASE exclusion. It can be a criminal offence to use a mobile phone to menace, harass or offend another person and the school will involve the police if appropriate.

### **Police**

If asked to do so, a student's device will be shown to designated safeguarding officer in the school. The police will be informed if there is serious misuse such as sexually harmful behaviour, forms of child abuse such as CSE, illegal activity or behaviour/language that poses a threat to the safety of a student or adult, in or out of school. Students should ensure they do not store on their phones, extremist, discriminatory or pornographic images/text. The transmission of these is an offence, as is "sexting," sending of personal sexual imagery or that of peers.

### **Support for parents/carers**

Please visit the PARENT section of the schools website, to and find out more about Online Safety and how you can support your child with social media and mobile phone etiquette.

Alternatively O2 have joined up with the NSPCC to raise awareness of online issues and safety for both students and parents, you can visit these here:

Or visit: [www.thinkyouknow.co.uk](http://www.thinkyouknow.co.uk)

**Examinations** Mobile phones must not be taken into any exam situation. Any student found to be in possession of a mobile phone during an exam could be prevented from completing that and other public exams as a result.

## **Horsforth School Sixth Form**

### **Mobile Phone and MP3 Player Protocol:**

#### **At Horsforth School, Sixth Form students:**

Are allowed to bring mobile phones/MP3 players in to school and may connect to the school's network.

May use their mobile phone within the Sixth Form block during free periods and break/lunch. If they wish to use their mobile phone outside these areas they must sign out and leave the site.

Should have their phone turned off in all lessons (including form time and assemblies) and must not use their mobile phone openly around the school. They should not place them on show or remove them from their bag. The same rules apply for the use of ear phones around the school site to listen to music.

In some lessons it may be appropriate for the teacher to encourage students to use their mobile phone for a particular task. In these cases the mobile phone must be returned to the student's bag immediately after it has been used and should not be left on show or used for any other purpose during the lesson. Failure to use the phone as directed in these circumstances will result in it being confiscated.

Can use MP3 facilities on their mobile phones during 'free' periods but only when in the sixth form computer workroom or the common room (not the library) and this must be done through a headset and not on speaker phone.

#### **Sixth Form Sanctions:**

If a sixth form student is challenged about incorrect use of a mobile phone/MP3 player then the mobile phone/MP3 player, complete with sim card, will be confiscated.

Any student walking around school with earphones in will be challenged and the earphones and attached MP3 player will be confiscated.

The mobile phone/MP3 player will be returned from the office of the Assistant Head teacher (Sixth Form) at 2:50 p.m. that day. A record of confiscations will be kept and students consistently breaking the rules around mobile phones/MP3 players will be sanctioned further.

Any student refusing to hand their mobile phone/MP3 over to any member of staff will be reported to a member of the sixth form team and the student will be internally excluded (Inclusion) from the main school for one day.
