Procedures in the event of an allegation against a member of staff or person in school

These procedures are contained in Safeguarding and Child Protection Policy 2020 and can be found on Page 22.

10.2 Managing allegations or safeguarding concerns against a member of staff or person in school procedures.

10.2.1 These procedures must be followed in any case in which it is alleged that a member of staff (including supply staff), governor, visiting professional or volunteer has:

- a) behaved in a way that has harmed a child or may have harmed a child.
- b) possibly committed a criminal offence against or related to a child.
- c) behaved towards a child or children in a way that indicates s/he may pose a risk of harm to children.
- d) behaved or may have behaved in a way that indicates they may not be suitable to work with children.

10.2.2 Inappropriate behaviour by staff or person in school could take the following forms:

- Physical, for example intentional use of force as a punishment, slapping, use of objects to hit with, throwing objects or rough physical handling.
- Emotional, for example intimidation, belittling, scapegoating, sarcasm, lack of respect for children's rights, and attitudes which discriminate on the grounds of race, gender, sex, disability or sexuality.
- Sexual, for example sexualised behaviour towards pupils, grooming, sexual harassment, sexual assault and rape.
- Neglect which may include failing to act to protect a child or children, failing to seek medical attention or failure to carry out appropriate/proper risk assessment etc.
- Staff have duty to disclose to the head teacher where their relationships and associations both within and outside of the workplace (including online) may have implications for safeguarding children in school.

10.2.3 A safeguarding complaint that meets the above criteria must be reported to the Head teacher (and HR case manager immediately. If the complaint involves the Head teacher then the next most senior member of staff must be informed and the chair of Trustees.

10.2.4 The case manager should gather as much information about the alleged incident as necessary in order to establish whether there is substance to the allegation. The case manager must use the local authority designated officer (LADO) notification form (see **Error! Reference source not found.**) in order to assess the level of concern.

As part of this initial consideration, the case manager should consult with their school's HR Advisor/provider/contact or in the case of a supply member of staff the supply agency safeguarding lead/senior manager. The completed LADO notification form must be sent to lado@leeds.gov.uk **within one working day of the allegation being made.** This will assist the case manager and HR/supply agency senior manager in consultation with the LADO to decide on the most

appropriate course of action. This includes when to inform the member of staff of the concerns raised. Parents or carers of the child or children involved should be told about the allegation as soon as possible if they do not already know of it.

10.2.5 The case manager **must not** carry out an investigation or **directly interview** an individual about whom there is a concern until the above process has been duly completed and relevant partners have been consulted.

10.2.6 A multi-agency allegations management meeting may be arranged to look at the complaint in its widest context. The case manager must attend this meeting, which will be arranged by the LADO. All issues must be recorded and the outcome reached must be noted to ensure closure.

10.2.7 In many cases it may be appropriate to provide further training and support to staff/volunteers and ensure that they are clear about the expectations for their conduct.

10.2.8 In more serious cases, allegations may be investigated under the formal disciplinary procedures and, where allegations are upheld, formal warnings issued as well as specific training and support. In cases where children/young people may be at further risk and/or evidence/witnesses may be compromised and/or the allegations are so serious that they may, if upheld, constitute gross misconduct, suspension of the member of staff/volunteer may be appropriate and should be considered in line with the school's Disciplinary Policy.

10.2.9 Any staff/volunteers who are dismissed by the school for gross misconduct or cumulative misconduct relating to safeguarding of children/young people will be referred to the DBS for consideration of barring. Similarly, where the school has a reasonable belief that the member of staff/volunteer would have been dismissed by the school had they been employed at the time of the conclusion of investigations, they will be referred to the DBS. The school will keep written records of all of the above.
